n it? I need
to replace the HD on my old B&W and after my last move I can't seem
to find my copy of 9.2.2. Could someone help a brother out?

respect
NappyNappy,

You can purchase the OS for \$34.99 from:

<http://eshop.macsales.com/shop/osx-center/software-and-more/>

Yes, you can boot from an OS 9.x CD.

Good luck!

I'm pretty sure I could "hook you up". I'll look tonight when I get home.
If sending it out tomorrow by regular mail is soon enough, email your
address to tony at standinghampton.com.
