I am as disappointed in the Europeans as you obviously are at the US. We can disagree. If you think that somehow I am going to go along with dropping a nuke somewhere then you are mistaken. My post to Neil was meant as a rather grim joke, but these are grim times. What would you have us do if we have credible evidence that Tehran has their finger on the button that will send a nuke to Berlin? Do you want us to wait while the UN argues about it and Berlin burns to the ground? I assure you that this is a possible scenario.....maybe not Berlin, but somewhere in the neighborhood.....and kissing the asses of this \*non--stereotypical humaniod being with no cultural bias whatsoever which is not driving his non-ideology\* will not do much to discourage him fromnuclear blackmail once he has the capability.

This is a very big difference that I'm seeing between us.
