Alright, i'm looking to buy an 8 OUT MODULE card in the price range not above 90\$ per unit.

If anyone got any to propose, feel free to let me know. I'd appreciate it

Best,

MYHI,

Is any of this still for sale?

Thanks.

PeteHi Pete, yes, I still have all of it. Nobody so far has wanted the whole package, even at the great prices I've offered, and so far I haven

't given up on that happening, plus I've been insanely busy.

So bottom line is it's all still here.

What are you looking for?Hi Dave,

I'm interested in all of it, but the concern is shipping as I'm located in Australia.

Are you willing to ship to A

Michael

Hah.. The MEC was in my rack - that was easy.. The Controller and Interface 2 were in storage and my wife and I had just done some organizing a couple weeks ago - you know what that means! I couldn't find them. Of course, I finally found them - right where I put them, LOL. I posted a big pic so you can see everything is in very good condition. Let me know

w if you want additional photos. PM me and let's work out details - I'd just assume this gear finds a happy home where it actually gets used.Hi,
Would you sell only the eds1000 150 euros including shipping to Greece ?
Thank
