MOTU interface. So, the RME has to go...

(1) Steinberg Audiolink96 (aka RME Multiface):

- 8 TRS Analog In+ Out;
- 8 ADAT Digital In+Out;
- 2 S/Pdif Digital In + Out;
- 16 Midi channels In+Out;
- Front-panel headphone jack.

(1) RME HDSP PCI Interface card.

Read all about this gear in the Sound On Sound review:
<http://www.soundonsound.com/sos/sep02/articles/audiolink.asp>

Asking \$500 + shipping (approx. \$25 in CONUS). Paypal OK.

Is the Magma expansion chassis still for sale? What kind of condition is it in? Is there extra latency when using with Paris?
