Ordered a Project Card & an A16Ultra.

Hopefully will have a report for y'all by the weekend (I assume they'll get here & I'll have time to do all the install & tweak routines by then), and unlike Deej - whose reports have been known to consist of: FRIDAY: "WOW THIS THING IS FUCKING GREAT!" followed by: SUNDAY: "OK, IT SUCKS, I SHITCANNED IT!", my assessments will be a little more cautious. =20
