

no problem (or so
I thought...).

I think I replied to your email already (about the price/fpo issue), so,
I'm not sure what your issue is.

Thanks though...

Anyone interested can e-mail me with an offer and we can talk.

I am located in Cochrane, Alberta.

Thanks,

Shawn

>I've heard that a couple of songs that I mixed were played on NPR a while
back and that another one that I recorded on a comedy CD is being used on
the soundtrack of some *animal house* genre movie that was made in Austin a
few years ago. I even heard a very brief snippet of one of my mixes in a
radio interview with an artist I recorded last year and I heard folks
talking about how they had heard a couple of songs I mixed on the radio here
but I've never once really heard one of my mixes on the radio.

I was driving down the road today surfing the channels and a song I mixed
and co-produced recently was playing on one of the local FM stations.

It was actually sorta' wierd for a few seconds. I wanted to call in and say
"Stop!!! It's not ready for this!!! I can do better!!!! and I started
picking it to pieces but then I just chilled because it actually held up
well and sounded good on the air.

It was a very gratifying feeling. I'll never forget it. I mentioned this before, but there are some great
deals going on this month
for UAD-1 users. First, anyone buying a 2nd, 3rd, or 4th card gets a voucher
for \$100 towards the purchase of plug-ins. The vouchers don't expire but
the purchase of the card must be made during August. As one example, if
you purchase the Flexi-Pak, that already comes with a \$500 voucher, so along
with the August bonus you g

et \$600 to use for plug-ins. Since Morgan at
ECMM sells the Flexi-Pak to PARIS users for \$595, that translates into getting
the card for free! This of course is only true if you need/want the plugs.
If that is too much \$, Morgan sells the version with few plugs (Project
Pak?) for \$295, which given the \$100 voucher for plugs means that you get
the card for \$200.

I have no financial interest in shilling sales for Morgan (indeed, I've never met him), but his prices on this stuff are great and the deal with the vouchers is mighty attractive. Thought some of you might like to know. Shawn... I don't have a problem and don't care for people accusing me of having one when you don't know me. If I wanted to bid on ebay, I'll goto ebay. But this is not ebay. Ebay has rules, although their support is flakey, at least there are rules. One would think that you learned your lesson on the last off-ebay bid. Just say what you want for the items.
