you did. I'm loveing all the Neve stuff, especially the comp. The only issues
I've notice is a "application" error window on closing Paris. This only happens
occasionally. I can't say for sure it's the new UAD software, but that's
right about when I started noticing it. Very minor inconvenience, considering
the quality of the plugs.

They belong to the Strawberry Helios that we are helping to
restore. I have the modules for a while, so I just might do
it. The other 24 modules are at the owners place... :-)

David.
