But i feel a little bit sorrow,because noone can here how great Mikes DP Pro Hall sounds there .

I hope its ok that i stalk everyone of you with those Paris news !

Best Regards

Danmy only object for releasing this album (spirit of palo alto days), back then, was to experiment with what this newly developed independent artist making and selling your own music on the internet thing was all about, and how well it might work for me. as you will all too plainly and painfully hear, in certain sections, I was not in the leas
