s without an SSD. If that's the comparison, then he should compare the \$1700 non-SSD version of the Air to the other subnotebooks. And at that point he has little point.

He could have complained about the lack of firewire or grouched about the need for an adapter to use ethernet, but he didn't.

seem to like it at all. Apple shares were down \$9.74 to \$169.04 the day

The article I linked the other day showed that Apple shares usually go down after the keynote. Also, the entire market took a hit on Wednesday for issues not directly related to a speech by Steve Jobs. :^)

"I really wanted to see something really great and useful from Apple this week. On th
