>Not necessarily. Once I get everything on one machine (which was the whole
point of going native), then everything will be OK. I'm really not sure
that's going to be a practical option, even with a more powerful machine
though. However, are simpler and easier now than they were.

>Hey Sarah! I just bought your CD to be nice, OK?

I didn't expect to love it.

But that's some seriously great stuff! Great tunes, great sounds, great performances... How long did it take to finish? Where are you located? Do ever take this show on the road?

Chopsticks For Enya?

Thanks!
