What the hell does this mean? Zionist ownership of america....is Bush aware of this? Is this is why

911 happened because Zionist own america? I'm

shocked! Don't be fooled by Blacks and Browns working

in Washington. Powell and Rice are not like any Black

people I know, and I know alot, being black myself. This is a multi-part message in MIME format.

See Immediately you think we're just talking about Poor Black people-It's not that at all. It's a certain attitude and fiber that they have -a certain spirit that is missing from these people that are part of Bush's administration.

If you sat down

with some of the folks I know they would explain to you exactly

what their story is. I'm not one to sit here and think that as

a white person I am qualified to talk about this but I have

been in the middle of many of their conversations views and attitudes and

I will tell you that they are not thrilled

with George Bush and the republican party
