everything transferred over. I will keep a basic setup still with a MEC, 2 EDS cards, 1 input, 1 output and 2 ADAT cards just because it would be hard to let go of everything as I have been using PARIS and been around the various forums since 1999.

Anyway...the following, all blackface, is currently up for sale all in working order and very good cosmetic condition from smoke free home studio setup.

1 MEC - \$75 SOLD

1 C16 - \$50

2 EDS cards...with ribbons - \$75ea BOTH SOLD

1 8In card - \$75 SOLD

1 8out card - \$75 SOLD

2 ADAT Cards - \$75ea 1 SOLD

2 UAD-1 card - \$35ea/\$50pair

1 Magma 13 PCI expansion chassis \$150 - SOLD!!!!/

with cable and both cards...but no PSU as I took it out for another computer build. I had a 550W in there with 4 EDS cards and 2 UAD-1 cards and always ran flawlessly.

Prices include domestic shipping.

If you want more than one of any card I will do them for \$50ea

Feel free to call or text
