Pair of Oktava MK012 mics with =
pair of=20

-10dB pads, cardioid, omni and
hypercardioid capsules. I bought =
these in=20

2001. They are the Russian mics,
not the Chinese copies of the =

close and I have used them in this manner

Very nice sounding mics. they will be shipped

is damaged, =
but it=20

does not affect it's functionality as far as holding the
mic. I =
will=20

also be throwing in a pair of rubber banded shock mounts that I =

bought=20

for these. \$500.00
